HCSP

R900 excl VAT per enrolment.

Hikvision Certified Security Professional Course (**ANPR, Intelligent, Mobile, Thermal**)

HOW IT WORKS

1. Go onto our e-learning site <https://elearning.hikvision.com/za/>
2. Create an account or sign in on the top right hand side corner.
3. Once you have registered or signed-in successfully, select the courses or classes you would like to enter to learn or enrol.
4. Once you have completed your enrolment you can send an email to training.sa@hikvision.com with your information including your company email address you used for registration and your name.
5. After we receive your information, you will receive an email response with banking details and a reference.
6. After receiving your proof of payment we will enroll you for those online theory course modules.
7. You will attend courses at our Hikvision South Africa Offices as per address below:
 - 39 Scott street, Waverley Office Park Building 2, Bramley Johannesburg 2090, South Africa.
8. You will then do a 3-4 hour operational practice and exam, where you will be able to ask questions you may have before doing the operational practices and writing the operational exam.
9. We will then combine the two marks, theory and operation, and if your total is above 80% we will issue you with a certificate that will be emailed to you.

Special Notice

• Our online training is certified if you complete both components, theory (online) and operational (have to be done in a class, except for the HCSA, this can be done entirely online).

Special Notice

- Our online training is certified if you complete both components, theory (online) and operational (have to be done in a class, except for the HCSA, this can be done entirely online).
